

14th International Conference of the Pacific Association for Computational Linguistics

The 14th International Conference of the Pacific Association for Computational Linguistics (PACLING 2023) is a prestigious event that brings together leading researchers and practitioners in the field of computational linguistics. This conference is scheduled to take place from August 14-17, 2023, in Sapporo, Japan. PACLING 2023 is organized by the Pacific Association for Computational Linguistics (PACLING), a leading international organization dedicated to promoting research and development in computational linguistics.

Paperback	: 584 pages

History of PACLING

The Pacific Association for Computational Linguistics (PACLING) was founded in 1988. The organization's mission is to promote research and development in computational linguistics, with a focus on the Asia-Pacific region. PACLING organizes a biennial international conference, which provides a platform for researchers and practitioners to present their latest findings and exchange ideas.

Goals of PACLING 2023

The goals of PACLING 2023 are to:

- Provide a forum for researchers and practitioners in computational linguistics to present their latest research findings and exchange ideas.
- Foster collaboration and networking among researchers and practitioners in the field.
- Promote the advancement of computational linguistics research and development.
- Showcase the latest advances in computational linguistics technology and applications.

Themes of PACLING 2023

The themes of PACLING 2023 include:

- Natural language processing
- Machine learning
- Artificial intelligence

- Language technology

Key Highlights of PACLING 2023

Some of the key highlights of PACLING 2023 include:

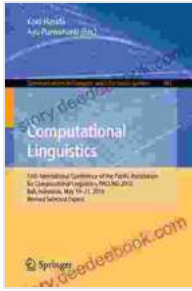

- Keynote speeches by leading researchers in the field
- Parallel sessions with presentations of original research papers
- Workshops and tutorials on cutting-edge topics in computational linguistics
- A poster session showcasing the latest research成果
- An exhibition of the latest products and services from leading companies in the field

PACLING 2023 is a must-attend event for anyone interested in the latest advances in computational linguistics. The conference provides a unique opportunity to learn from leading researchers in the field, network with other professionals, and explore the latest products and services from leading companies. We encourage you to register for PACLING 2023 today and be a part of this exciting event.
