Training

We offer a variety of training programs to meet the needs of all dogs and handlers. Our obedience training program teaches basic commands such as sit, stay, come, and heel. Our advanced training programs focus on specific skills such as search and rescue, avalanche dog training, and tracking. We also offer specialized training for dogs with behavioral problems.

Our training methods are based on positive reinforcement and reward-based training. We believe that dogs learn best when they are rewarded for good behavior. We also use a variety of training tools, such as clickers, treats, and toys, to help dogs learn faster and more effectively.
