### **1. Shared Writing**

Through modelled writing, teachers demonstrate the writing process aloud, thinking aloud as they write, providing students with a glimpse into the inner workings of a writer's mind.

### **3. Guided Writing**

Guided writing bridges the gap between modelled and independent writing, offering students scaffolding and support as they navigate the writing process, receiving timely guidance and feedback.

### **4. Independent Writing**

Independent writing empowers students to develop their own ideas and write independently, applying the skills and knowledge they have acquired through the previous models.

## **5. Writing Workshop**

Writing workshops provide a structured environment for students to engage in extended writing projects, receiving ongoing feedback and constructive criticism from peers and teachers.
